R

Japanese Movement Local 5 year Warrantee

## Why Give a chillwatch ?

Watches have a high perceived value.

For the price of a sweatshirt you can give a very nice watch.

Watches are not easily discarded

All our watches come with Japanese movement locally guaranteed for 5 years.

These watches are ROHS certified and assembled to Swiss standards

A logo branded into a watch is a subtle way of advertising.

On average people look at their watch 6,000 times per year.

The whole watch can be branded, the face, caseback and the packaging
